SOLIDARITY PRICE - 50p PUBLISHED FORTNIGHTLY ISSUE 89 MAY (1) 1987

THE SYSTEM STAYS THE SAME

THE SYSTEM is rotten to the core! Parliament has become a rubber stamp to give a thin veneer of "respectability' to the rule of City money and the media bosses. The newspapers and TV force-feed the British people on a sickening diet of titilation and hyped up non-issues.

At election times in particular, a wall of silence is built up around the **real** issues – the murder of our economy by foreign competition financed by "British' capitalists; the destruction of our national identity by mass immigration, and the occupation of our land by foreign nuclear bases under the control of a senile ex-actor. Instead of voting on such real issues, the public are stampeded by glossy advertizing tricks to build up or knock down the personalities of stupid and petty politicians.

With this deliberate denial of any real right to decide the future direction of their country, it is little wonder that over half of the young voters questioned in a recent opinion poll declared that they did not intend to vote in the coming General Election. And with corruption creeping into every aspect of our national life (see our centre page feature for just a few examples), it is no surprise that even those who do plan to vote are disillusioned with the ruling System.

There is no easy answer to this. Those who join the System hoping to "change it from within' will simply be absorbed by it and vanish without trace. Any who are revolted by the hypocrisy of it all and who take up violent opposition to it will be isolated and crushed.

COUNTER- POWER

The only way forward is to work to build a National Revolutionary counter-power against the State. This requires the organization of all radical patriots in one disciplined and ideologically united movement. It demands the building of a powerful alternative nationalist media; of alternative nationalist economic structures; of community defence patrols to make our streets safe once again. It forces us all to search for ways to help to resist the Americanization of our culture and to revive our own national and regional customs and identity.

This will take many years of work. But the first step can be taken straight away. It is to explain to as many people as possible that whoever they vote for, nothing will change. Tory, Alliance or Labour, we'll still have mass unemployment, still be ruled by the banks, still be given cancer by nuclear power stations. Ulster will still be handed over to foreign rule, we'll still be an unsinkable aircraft carrier for the USA.

Until the National Front is powerful enough to challenge the Establishment parties on their own ground at national elections, to stand in them merely gives added credibility to the myth that this stinking System is democratic.

NF News therefore urges its readers not to waste time voting for the old parties of the past. If you really want to change things for the better, **get involved** with the Movement of the Future!

ELECTIONS ARE A CON! DON'T VOTE

FRAUD

A VAST fraud and cover-up involving the Tories, Labour Party and Lib/SDP is beginning to emerge. This "hidden crime" involves the amount of money that the establishment parties illegally spend during election campaigns.

By law, the amount of money allowed to be spent on a constituency campaign is fixed at a maximum of £4,500. This is to ensure that those with more money cannot spend as much as they like on bribing people to vote for them. This approximate amount divides between the number of registered voters in the constituency, to give the amount that can legally be spent, per elector, on campaigning.

COLLUSION

It has been revealed that "Collusive meetings often take place between the parties' by-election agents, who "square" poll expenses before submitting them to the constituency returning officers".

An article in the **Sunday Telegraph** recently stated that "Most senior party managers admit that in the past few years the parties have generally been spending between £30,000 and £50,000 each on by-elections".

This is a damning indictment of the corruption and hypocrisy that is an integral part of the system that we are forced to live under. **It shows exactly how futile fighting general elections really is, unless of course, you happen to be a member of the ruling Capitalist Club. No-one outside the establishment clique can hope to seriously compete against them in their "fixed" game of election roulette.**

To quote a Labour Party agent, "none of the parties directly or openly challenges the others' expenses as that would open up a can of worms.

"There is an agreement, an unwritten one, between the parties about what expenses should be submitted to the returning officers and what should be hidden.

"The agents frequently meet unofficially and discuss private spending limits. I know the Tories have seen our election expenses before they have been legally entered and vice versa".

CORRUPT AND CROOKED

When pushed on the fraud, Labour MP Austin Mitchell admitted "there is a lot of hypocrisy about election expenditure. The present system survives because of collusion between the parties".

But staying true to his noble "Socialist" principles he added that "The danger at the moment is that a maverick candidate or one who bears a grudge can exploit the present fragile collusion by filing a complaint".

Well, the National Front has news for all the corrupt and crooked low-lifes in Parliament. We are not going to play your futile game with you because only you can win. Instead we'll beat you on our terms and on our ground, and expose you all for the scum that you are!

BLACKPOOL

AS usual, NFN's fanatical Blackpool unit are working very hard in promoting the National Revolutionary message in their town. They frequently campaign on important local issues such as the appalling rise in child sexual abuse and the growing drugs problem amongst the youth. A vital aspect of their community campaigns are the hard hitting and effective leaflets that are regularly produced on such subjects.

Blackpool are also selling bulk supplies of this striking poster and a re-print of the popular "The Scum - NF to blame for everything" poster, both of which are printed in red, white and black. Price **£5 per 100 plus 30p p&p. from P O Box 12, Lytham St. Annes, Lancs, FY8 5QR.**

THE REPRESSION FILE

If you become a sufferer or know of some act of repression in your area, help us to publicize the facts. Write with details and dates to the N.W.A. at P O Box 228, Manor Park, London E.12.

* READING NFN Supporters and Cadres receive a three-quarter of an hour visit by the local CID on the pretext of a leafletting complaint. The visit turns into an obvious "fishing trip" in order to gain information about the local organization, activists and activities. Tactics such as "so and so told us that..." and the infamous "Mutt and Jeff - hard man, soft man" approach were used to no avail by the local police Gestapo.

* A BLACKPOOL member started work on 11.4.87 and was sacked on 13.4.87. He was also subjected to intensive questioning by local CID and SB officers. The reason given for why he lost his job was that he might influence the son of a CID officer who he worked with.

* THE unemployment giro's of two Norwich Cadres go missing in successive weeks. One turns up a week later and the other doesn't arrive for a fortnight, after almost daily visits to the DHSS to complain. The DHSS cannot give adequate explanations and one member is even told that they just forgot to send his giro, although they are automatically sent out by computer.

LARNE

THE ULSTER NF are still making great progress and obtaining excellent publicity on a regular basis, as can be seen from the re-produced cutting gained by our Larne unit. The Larne NF are bearing the brunt of oppression from the local RUC because many of their activists and supporters are Catholics. But this doesn't worry the local NF who have become even more determined to fight for a non-sectarian National Revolutionary Ulster.

LARNE TIMES

Recruitment drive in Larne by National Front

A LARNE unit of the National Front has recently been set up.

Members of the movement have been distributing a leaflet and selling the "National Front News" throughout the town in the hope of gathering new recruits.

In the leaflet it is claimed that a hard-line political organisation is needed to articulate the feelings of ordinary loyalists. The old politicians do not have the guts needed to win this battle, it states.

"Only the National Front has the ideological and strategic coherence Ulster needs to put backbone into her political struggle. The National Front is working hard to put over Ulster's case on the mainland, but there are still areas in Ulster in which we do not have the manpower to get our message across to everybody," the leaflet reads.

"The National Front needs YOU to help build the powerful political machine Ulster needs to become Independent - and thus survive as a free nation, proud of her British heritage and secure in her British future," it adds.

FAVOURABLE

A spokesman for the Larne unit said they have had a favourable response so far from the public.

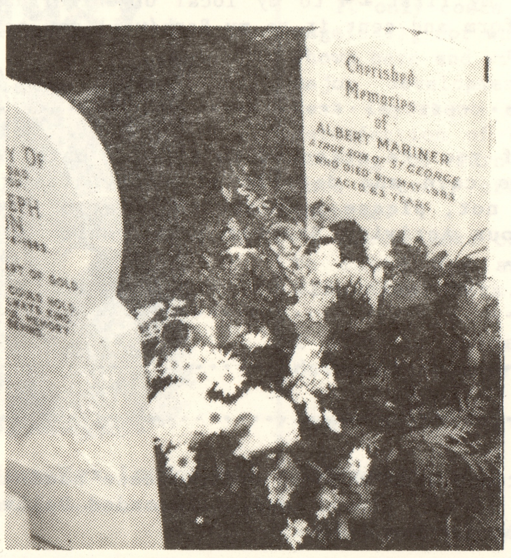
"We are neither a movement of the Left, nor the Right. We proclaim the Third Way of radical British nationalism, which unlike Marxism, is a real alternative to the soul-destroying capitalist system".

He did, however, refuse to comment on a suggestion that the National Front might be contesting the East Antrim seat in any forthcoming general election. But, he did confirm that the movement would be fielding a candidate "somewhere in Northern Ireland".

The current issue of "National Front News" being sold in Larne features a lengthy article about Loyalist prisoners in Magilligan prison, which it warns, is "on the brink of explosion" because of the steady increase in provocation and harassment against Loyalist inmates.

There are also articles about the Government's "cold-blooded murder" of the elderly during this winter's icy weather; and an examination of how the new social security act will affect the community.

In memory of a martyr



Cherished Memories of ALBERT MARINER A TRUE SON OF ST GEORGE WHO DIED 8th MAY 1983 AGED 63 YEARS

A COMMEMORATION service was held on Sunday May 3rd at the graveside of NF martyr Albert Mariner. Albert, an OAP, was murdered in 1983 by a rioting mob outside an NF election meeting in Haringey, North London. The riot was instigated by the local Labour Party.

An oration was given at the graveside by Derek Holland. Derek spoke of the need for Sacrifice to combat this corrupt and decaying System, and the ultimate Sacrifice given by Albert for the Cause that he loved so dearly.

This was followed by Graham Williamson narrating messages of commemoration from units outside London, a three minute silence and the laying of flowers and wreaths, including a magnificent Celtic Cross.

Several Special Branch officers were spotted paying their respects to Albert, by dodging between gravestones in the cemetery, complete with notebooks and cameras. These were presumably to take pictures of the wreaths (send us some copies lads).

The afternoons events were the finale of a Day of Remembrance dedicated to Albert. The morning had been spent very constructively, as Albert would have wished, by mass papersales in the Brick Lane area. Before he was murdered, Albert had regularly sold in this area, in all weathers, and around 40 members continued this tradition during the morning, selling hundreds of papers before moving on to Albert's graveside.

Croydon

CROYDON NF are one of NFN's busiest units. On top of their regular door to door paperselling rounds, they also hold three main sales in different shopping areas every week. Croydon's commitment to activism is such that they recently limited invitations to their regular unit meetings to activists only.

As with many NFN units, Croydon have also started to produce their own propaganda, in the shape of self-adhesive Croydon NF stickers.

WHAT IS TO BE DONE?

THIS column is specially designed to keep all N.F. officials well informed of forthcoming activities and to remind them of what needs to be done over the next two weeks.

All N.F. officials and activists must therefore make it a top priority to read this column carefully every issue and then to **ACT** on the information.

* **PAY ALL BILLS and advance payments for your election propaganda immediately.** If just a couple of units let us down, our production budgets will collapse. Help the NF get out the propaganda it needs to make a real impact. Pay your bills.

* **PRESS STATEMENTS about the NF's election boycott and our "Don't Vote" campaign must go out at once.** Don't let the local news media think you just can't be bothered.

* **ACTION NOW! Watch out for every opportunity to get the NF message across.** Anywhere where there are likely to be election press reporters present is fair game. Responsible and intelligent heckling is not against the law.

* **SEND IN YOUR ACTION REPORTS. Basic details of campaign activities must be PHONED in to the Contact Line or Graham.** Then post off full reports, with press cuttings, etc, **immediately.** Without these reports, we simply can't do justice to the NF's campaign in the next paper.

* **COLLECT ELECTION PLEDGES. Call on everyone who promised money for your election fund.** Take a copy of this paper and explain that your unit still needs the money now for constructive investment in stock and assets.

Individual readers who wish to help should send donations to "NF ELECTION FUND" at **P O Box 228, Manor Park, London E.12.**

* **PHONE IN re. next lit. run on 25th May.**

OUR warmest thanks are due to those who sent donations, however large or small, to our vital **Technology Fund** during April. They are:

B.S., Weybridge - £2; P.W.M., Loughborough - £3; Anfield Patriot, - £5; B.H., Cambridge - £20; Anon - £100; S.J., Redondo Beach, USA - $100.

This amounts to a total of £130 and $100 received last month. This still leaves us with a total of around £200 needed by the end of May if we are to purchase a modem to continue the progress being made in our production speed and quality. This piece of equipment is **vital**, so please send as much as you can afford (see form in slipsheet).

THE ELECTION

A NEW ATTITUDE

THE NATIONAL FRONT is not contesting a single seat in this General Election. Instead, it will be running an active abstentionist campaign. This will seek to encourage the millions of people who think that the present system is a corrupt fraud to have the courage of their convictions and refuse to vote. We will also be working to get across positive proposals for a truly democratic National Revolutionary structure of government.

The reasons for the National Front's new attitude fall into two broad categories. The first is that we are simply not strong enough to compete on equal terms with the main parties in their regular game of electoral roulette. As a number of articles in this issue make clear, the Establishment parties have created a cosy electoral club, whose rules have been carefully manipulated to exclude outsiders from competing effectively.

This is a far more effective form of repression than the naked denial of our right to stand at all. For not only does it allow the Establishment to portray a democratic face, but it has the added advantage of tempting naive radical groups into wasting their time and vast sums of money in an uneven contest which they cannot win.

The raising of the election deposit from £150 was a case in point. It was openly admitted that this was done to hinder the National Front. But the final figure of £500 was clearly not intended to stop the NF contesting elections at all, but to encourage us to bleed ourselves to death in an effort to continue with the failed tactics of the past.

PLAYING THE GAME

But the National Front is not interested in such futile games. When we have the human, financial and propaganda resources to beat the Old Gang at their own game, then we will play it again. But for the time being, we will pick our own ground - ground where we can win.

The second set of reasons for boycotting parliamentary elections is that the system is an undemocratic farce. Although MP's are supposed to sit as our "representatives", the truth is that they represent no-one except themselves and the sectional interests which finance their squalid parties. On everything from capital punishment for child murderers, to the destruction of our racial and cultural identity by mass coloured immigration, the politicians have deliberately ignored the clear wishes of the British peoples.

"Representation" is a fraud, and by taking part in such a fraud we give it an air of legitimacy. The only principled thing to do is to refuse to be used in this way. The alternative is not terrorism or violence, but work within our communities to build constructive alternatives to State power - alternatives which will help reduce our people's dependence on "Nanny" at Westminster. True democracy can only come through **participation.**

IMPORTANT NOTICE; Whenever possible hand correspondence for the NF, NF News or Bookshops to your local NF contact, so that it can be delivered through the movement's internal postal system. This is very important when dealing with subscriptions, orders and membership payments.

If you do have to use the Post Office network, ALWAYS use RECORDED DELIVERY and keep your receipt safely.

While the constant interference with our post is irritating, this attempt to disrupt the NF, is a tribute to its growing effectiveness. So rather than moaning about it, all NF members and supporters must accept the hard work and discipline needed to make our internal communications network an efficient alternative.

FOLLOWING the well-deserved disgrace of Harvey Proctor, the right-wing M.P. involved in spanking sessions with, amongst others, a young Arab boy, two more Conservative M.P.'s have been caught with their trousers down.

But this time the corruption involved is financial. Keith Best, Tory M.P. for Ynys Mon, has admitted making illegal multiple applications for British Telecom shares. His local association cleared him "for the time being" after hearing his pathetic explanation of how he came to apply for no fewer than six lots of B.T. shares in 1984.

In their efforts to keep the damage to a minimum, his association accepted his claim that he did not know that he was doing anything wrong. That this was an obvious lie is shown by the fact that Best used permutations of his name and four different addresses to disguise his identity when applying for the "instant profit" share offer.

CORRUPT M.P.

The corrupt M.P. assured a meeting of his local officials that he had not made any other such applications, only to admit the next day to buying extra shares in Jaguar by applying for four lots in the same way.

And now, Eric Cockeram, Tory M.P. for Ludlow, has also been caught making multiple share applications. His constituency officials, like Proctor's and Best's, are expected to try to turn a blind eye to his corruption.

For a party which claims to stand for honest hard work and family morality, the Conservatives certainly put up with some shady characters. But perhaps the only difference between them and their colleagues is that most of them haven't been caught!

Cover-ups kill our children

THE TORY GOVERNMENT is deliberately suppressing alarming facts about the dangers of chemical and radio-active pollution. The facts which emerged from a detailed study by the Ministry of Agriculture are so shocking that they are being hushed up.

The decision not to publish the results of research at the Ministry's own experimental farm at Boxworth, Cambridgeshire, is believed to have been taken personally by the agriculture minister, Michael Joplin. He wants to prevent a public debate about the enormous subsidies paid to farmers who are destroying our countryside, and to conceal the full extent of the damaging effect of chemical pollution on the environment.

In order to do this, the Ministry of Agriculture has:

* **SUPPRESSED** much evidence about dangerous exposure to radioactivity through agriculture and the food chain. Publicity about this threat to children and future generations is described as "not desirable".

* **SILENCED** discussion about the harmful effects of acid rain and the cancer-causing chemical dioxin, one of the most toxic pollutants caused by many industrial processes.

* **DODGED** worries about the link between nuclear power and the growth of State power. There is now a wide range of statutory controls available to ministers in the event of a "civil emergency" such as the escape of hazardous substances and the consequent contamination of food supplies or even whole areas of the country. Publicity about these is also described as "not desirable".

* **DUCKED** rising worries about the concentration of industrial chemicals in fish. The results of tests carried out in co-operation with other European countries will not be made public.

* **STOPPED** publication of the results of experiments which suggest that cutting down on the amounts of chemicals put on fields has very little effect on the yield or quality of crops.

If such "low input" farming was widely adopted, it would slash the cost of food production and the rising levels of pesticide and fertilizer pollution in our drinking water. But it would also hit the profits of the big chemical companies - which could in turn cut their donations to the Tory party.

With such a blatant attempt to keep us in the dark on these vital issues, it is no suprise that ordinary people are more and more cynical about our "open and democratic system of government" - and more and more worried about the deadly environmental pollution which is being hushed up by a profit mad System.

Teach Yourself Nationalism

No. 8

A revolution for the People

THE previous two installments of this series drew attention to the reasons **why** the National Front is determined to make this a mono-racial country once more; that is, to ensure that our British and European heritage will survive and flourish in the future. We demonstrated that this position was founded upon racial, historical and moral considerations, and that we believed that the defence of our national identity would, in the longer term, contribute effectively to a lasting and genuine peace in the world.

However, it is vital to understand at this stage that the achievement of a mono-racial Britain is **not** the end of the revolutionary nationalist process, for whilst we are intent on securing the rights of our **Nation**, we are also determined to secure the rights of the many **individuals** that make up this country. This may seem a commonsense observation, but there are some, who wrongly call themselves "nationalists", who believe that the beginning and end of nationalism is the repatriation of all coloured immigrants to their land of ethnic origin. Nothing could be further from the truth, for the immigrants are **not** the **cause** of this country's problems, but merely a manipulated **symptom** of the disease that has poisoned government in these islands for centuries. Even if every coloured was repatriated tomorrow, we would still be confronted by the enormous problems of capitalism and unemployment, drug addiction, pollution, sexual deviancy, abortion on demand, vivisection and a whole host of other frightening evils. All such evils require a comprehensive solution - the **revolutionary nationalist** solution. Anyone who tells you otherwise should be treated for what they are: ignorant, Tory and reactionary!

TOWARDS NATIONAL LIBERATION

The revolutionary nationalist movement in the West strives to liberate our countries from the shackles of a Capitalist economy and a Zionist dominated media, and it does so because love and honour is granted to our nations. But the nation is **not** merely a collectivity, it is also a social organism made up of millions of people, all of whom have rights, responsibilities, desires and ideals. To liberate the Nation only to deny these millions their just reward is to contradict our nationalism. To liberate the Nation and replace the old rulers with the dictatorship of an individual or of a party is to contradict our nationalism. Nationalism is that creed which allows all of the people to control their own lives themselves, to make those decisions that determine their future. Nationalism is **not** the exercise of political power by the Few, but rather it is the masses exercising power in their own name and manner.

Thus, a genuine national revolutionary government will ensure, from the start, that it decentralizes Power, Wealth and Arms into the hands of the People where it rightfully belongs. It will **not** be an overnight affair, but an organic one moulded by an education programme that seeks to make the people aware of their new and profound social responsibilities. But one thing can be certain in this matter, the decentralization will give the People that for which they have yearned for far too long - control over their own lives, free from the intrusions of the bureaucrat, the politician and the policeman.

DECENTRALIZATION MEANS FREEDOM

The first, and perhaps most important, area that an NF government will decentralize is that of the economy. At present we have a capitalist economy that is built upon the idea that "Big is best". This principle is one that is intolerant of ideals or small institutions that obstruct its developing monopoly, so much so that the economy is organized in such a way that "the weak, the unprofitable, go to the wall". It is the capitalist "law" that the NF utterly rejects as violently anti-nationalist in its essence.

There are millions of old folk and millions of youngsters in this country. There are millions also who are ill, needy or poor. They are **all** our People, for we are of them and they are of us. To the Capitalist they are candidates to be executed in his war of "free enterprise", but to us they are our mothers and fathers, our children and our grandparents, our friends and our comrades. They have a **right** to life, to a decent life in a free and prosperous nation **because** they are of our **blood** and our **spirit**. To turn your back on them is to turn your back on the Nation, on your professed nationalism, and on real Life. If there is no sense of community between our families, if there is no sense of Purpose and no sense of Destiny, the National Revolution will prove useless in halting our national and spiritual decline.

It is because the NF is commited to the communitarian ethic **- a nation at work and a nation at arms** - that it will give back this country to her long suffering people. In the next installment we shall discuss the building of a People's economy where Capital and Labour disappear to be replaced by the Worker-employer. A man who can provide for his own essentials - shelter, food and clothing - is our ideal, the object of our national revolutionary struggle. Why? Because he is a man who has political and economic freedom - and from that freedom comes the nourishment and development of the soul that leads all to Happiness, Justice and Truth.

Government by the Press Barons

THE MASS MEDIA is the most powerful force in politics in every country in the so-called "democratic" world. Unfortunately, our Britain is no exception. The national press and the television and radio networks have the power to decide who gets elected, who rules the country, and what policies they can carry out.

This grip is used ruthlessly to ensure that the reins of political power remain firmly in the hands of corrupt self-seekers who will do the bidding of their media masters.

The media uses three simple tricks to keep the public uninformed and to turn the theory of parliamentary representation into a cover for the dictatorship of tiny but rich vested interest groups.

1) HYPING NON-ISSUES. In order to prevent in-depth debate on the truly important issues of national survival, the media concentrates on irrelevant non-issues. For most of the time, the "plebs" are kept busy with press reports of the latest antics of TV Soap "stars".

When a General Election makes people slightly more political, the media encourages the voters to make their decision on trivial grounds, such as the style of government of the Prime Minister or the personality of opposition leaders.

2) THE WALL OF SILENCE. The creation of non-issues goes hand in hand with the second tactic used to deny the electorate any real choice. A wall of silence is erected by the media around any issue or political movement which threatens to go beyond the boundaries of "respectable" political debate.

So, for example, it is alright to argue about whether it is better to have low inflation and high unemployment, or to allow higher inflation in an effort to cut the jobless total. But it is not permissable to criticize the corrupt banking system which makes this "choice" necessary in the first place.

And to point out, as the NF does, that both inflation and unemployment could be abolished by the adoption of sane and proven financial reforms, guarantees that you will be ignored or crucified by the capitalist media.

3) SMEARING OPPONENTS. If the "silent treatment" fails to stop the growth of a real alternative to the Establishment, the mass media turns to smears by lies and distortion. The newspapers and broadcasting media can say whatever they like about the National Front, because political organizations cannot sue for libel or slander. Whatever lies they come out with, we have no right of reply whatsoever.

Theoretically, individuals are protected by the law from such attacks, but the cost of bringing a court action to defend your reputation is tens of thousands of pounds.

It has been rightly said that "British justice is the best that money can buy". Only the rich can afford to fight for their rights, so only the rich can get on under the present corrupt System. This is no surprise, because it was designed **for** the rich, **by** the rich, right from the start.

The immense power of the media was recently illustrated by the destruction of the print unions at Wapping. The gallant struggle of thousands of sacked printers and other workers was ruthlessly crushed by Murdoch, with all the powers of the State at his beck and call.

vested interests

THE POWER of the media is not the only disadvantage faced by the National Front when it comes to competing in parliamentary elections.

Even with the support of a section of the media, it costs several million pounds to mount a really effective national election campaign. Unlike the old political parties, the NF has no wealthy interest groups to provide such funds.

The Labour party receives a political levy taken automatically from the union dues of every trade unionist. Unless they bother to contract out of this arrangement, even patriotic individuals still have to contribute directly to the funds of a party which supports IRA terrorists, homosexual indoctrination in schools, and more preferential treatment for immigrants in jobs and housing.

BIG BUSINESS

Meanwhile, the Conservative party receives huge donations from big business, in particular from the construction and the road haulage industries and financial institutions. Some of these are also hedging their bets by backing the Alliance parties, in order to provide in the future a safe pro-capitalist and pro-American alternative to the profitable but crude extremes of Tory rule.

The "party game" lends itself to exploitation by vested interests in this way. It is a corrupt and divisive system which is intolerable to genuine National Revolutionaries. The next issue of **NFN** will include details of the National Front's proposals for a truly democratic system. **Our aim is to replace the fraud of parliamentary representation with popular participation.**

OLD GANG

As if the donations from vested interests were not enough, the Old Gang parties have also fiddled themselves various benefits which are paid for by the taxpayer, but which are denied to their anti-Establishment rivals like the NF.

Although they have kept the exact amounts paid out very quiet, each of the main parties receives tens of thousands of pounds each year in State aid to help finance their "democratic" fraud. Like the free TV broadcasts which they get every couple of months, the criteria for this help are carefully set to make sure that non-Establishment groups like the National Front cannot benefit.

After all, why should the Establishment parties allow their opponents to use their System against them. What do you think this is - a democracy?

Who controls the media?

ONCE YOU understand how the media controls politics, it is only natural to ask "who controls the media?" It is not always easy to find out, because most of the multi-millionaire owners prefer to exercize their enormous and anti-democratic power from the shadows.

Two of the most ruthless press barons are, however, exceptions to this rule. The Czechoslovakian Jew, Robert Maxwell of the **Mirror Group**, and the Australian capitalist Rupert Murdoch, who owns the **Times**, **Sun** and **News of the World**, make no secret of their massive influence on national and international politics.

IRON GRIP

In fact, both men are busy strengthening their iron grip on the minds of millions by moving into satellite TV in Britain and the rest of Europe.

Murdoch also owns more than half the press circulation of Australia, a fact which he has already used to bring down a government there which he disagreed with. And he is using the huge profits from his infamous Wapping printing plant to buy up influential newspapers, magazines, TV stations and Hollywood film companies in the United States.

MORE POWERFUL

Quite simply, all this makes Murdoch far more powerful than most "democratically" elected heads of government. And the only difference between him and most of the other capitalist media barons is that he flaunts his greed and his strength.

The domination of the media by the Super Rich is reinforced by the fact that large sections of the press and TV networks get most of their money from advertizing.

The Zionist lobby in particular has perfected the art of applying pressure to editors and owners to "toe the line" and ignore Israel's long history of State terrorism.

The merest hint of a threat from a big company to place its advertizing budget with a rival paper, is usually enough to encourage a "voluntary" gag on the truth.

INFILTRATED

The hostility of the mass media to the National Front is made complete by the fact that the lower levels of the industry, in particular the National Union of Journalists, have been heavily infiltrated by Marxists.

The NUJ actually has an openly stated set of guidelines, which order its members never to give coverage to the NF unless it can be presented in an unfavourable light.

This sinister alliance between Capitalist bosses and Communist hacks explains why the National Front can never expect a fair deal from the Establishment's mass media.

IT'S YOUR FUTURE
Get involved & Get active!

THOUSANDS OF YOUNG PEOPLE have found that there is a real alternative to the Old System. Politics needn't be boring and pointless, however hard the politicians try to make it look that this is the case. They deliberately make it seem dull, hoping that the rest of us won't get involved - and get in the way of their corruption and stupidity.

We don't have to sit and watch while they throw away the future and condemn us to a lifetime in the dole queue, or pushing a button in a factory if we're "lucky". We can unite and fight for real political, social and economic change - for a National Revolution.

DREAM INTO REALITY

The organization which is going to turn this dream into reality is the National Front. The NF isn't run by and for Big Business or time-serving union bosses; it's run **by** people like you, **for** people like you. The National Front is **your** movement - designed to save **your** country.

This country needn't sink into the dustbin of history - it needn't be an industrial museum, it needn't be littered with deadly American nuclear bases, it needn't become a coffee coloured, rootless, human cesspit like New York.

Britain **could** be free, peaceful and prosperous. It could be a great place to live, a great place to work, a great place in which to raise a family. Britain could be run by and for the British peoples.

We have the resources, we have the intelligence, we have the skill. All we need is the driving force to make things start to work. That force is present in all of us, but that it can only released by a National Revolution. Nationalism is the only force which can unite us and get things done. It is the spirit of **action.**

IDEAL

Nationalism is the ideal of nature; of eagles flying once more over the snowclad mountains of Cymru, of the mighty English oak defying the autumn gale, of a spring shower on a Scottish loch, of children playing in a hayfield in Ulster, of the waves of the great Atlantic crashing onto the rocky coast of Eire.

It is in our blood. It is in the soil of our land. It is bright and pure beyond belief. It is life. Yet this enormous energy is at present chained by greed and selfishness, smothered by TV soap operas and pigmy politicians, locked away behind doors of hate.

The only key which can release it is a powerful National Revolutionary movement. That is why we are building the National Front, and that is why we need you to get involved.

Individually, we are the helpless victims of Thatcher's nightmare. **United, we can build the new land of which we dream!**

PRISONER'S AID

THE REPRESSIVE new Public Order laws and Race Act put even greater pressure on the National Front. The law now allows the police to launch dawn raids on the home of any known NF activist.

This move to turn us into outlaws in our own land will lead to more arrests and more court cases. The National Front will only be able to continue its struggle if it has the money to pay for defence campaigns and to help prisoners' families.

This makes your support for the **Nationalist Welfare Association** even more important.

COMMUNITY ACTION

COMMUNITY ACTION seeks to help the National Front sink local roots. Indeed, we see this as a very small step along the road to establishing a whole network of NF Advice Centres throughout the British Isles.

We want to expose local council corruption and incompetence, fight closures of schools, factories and hospitals, and campaign for decent housing and social services for our people. We also try to carry articles on what people are entitled to by way of benefits and consumer rights. We hope that this helps individual readers as well as giving NF activists the knowledge they need to give advice to people in need of Community Action help.

We also wish to help encourage self-help and community pride and care, which are being destroyed by the selfish attitudes which dominate our society.

If you want Community Action to focus on a problem or campaign in your area, send further details to Community Action, P O Box 41, Norwich, NR3 2AH, Norfolk.

SUPPORT THE KEETONS 38

ROTHERHAM & SHEFFIELD NATIONAL FRONT
P.O.Box 292, Sheffield S1 1EF.

THE NF in Sheffield have thrown themselves rigorously into the fight to stop local redundancies and scabbing.

At the moment they are heavily involved in the bitter struggle of the 38 Keetons workers who have been on strike since 2nd July 1986.

Not long ago, the caravan and shelter outside the works gates, which provides warmth and hot drinks for the pickets, was burnt down, either by right wing thugs hired by the management, or scabs.

Thankfully, this was quickly replaced by generous donations in which Sheffield NF activists played their part in collecting and donating.

DETERMINED

The determined workforce and NF activists are confident of winning this tough battle, however long it takes.

Convenor Neil Earnshaw, "The present stage is that we've located a majority of his customers and put them under extreme pressure to stop trading with Keetons. Keetons are lying, covering up etc, in order to get smaller companies to supply work".

He also added that the company had an annual turnover of £2.2 million and that they had already managed to cut this figure down to well under £1 million, even with the scabbing.

FANTASTIC

This determined sentiment was echoed by the local NF Organizer. "The support for the struggle from local people on the streets has been fantastic. It just goes to show what effect a well run campaign can have. There's been regular newsletters produced as well as leaflets, including one produced by ourselves, which have been distributed by the thousands. We've also produced a sticker which can be seen all over town".

Sheffield NF are helping to lead the way in showing how effective **Community Action** can be, and should be done. At the moment they are one of our weakest units in terms of resources and manpower, so why are they showing YOUR unit up?

REPORTS

Send your Community Action reports or the essential details of your Community Action campaigns, to P O Box 41, Norwich, NR3 2AD.

Also ensure that a good selection of leaflets, black and white photo's, posters, stickers etc, that are used in your campaigns, are sent to us along with the details and any press publicity.

SUPPORT THE KEETONS 38 !

WHY THE ENTIRE WORKFORCE OF KEETONS IS ON STRIKE

A manning agreement was drawn up between workers and management in July 1985. The workers were assured that there would be:

NO REDUNDANCIES OR LAYOFFS

FACT - Men were laid off.

NO HARRASSMENT OR INTIMIDATION

FACT - Those workers remaining were intimidated into working on 2 or more machines at a time - often at opposite ends of the machine shop.

THIS WAS UNACCEPTABLE, so in July 1986 the men asked to talk to the Managing Director - he refused to speak to them.

There was no alternative left but to call a strike - then they were SACKED - just for asking management to HONOUR A MUTUAL AGREEMENT.

WHY WE SHOULD SUPPORT THE STRIKE

It is obvious these men are being treated unjustly. British factory workers have had to fight for nearly two centuries to get safe. fair working conditions.

Why go back to the nineteenth century ?

HOW CAN WE SUPPORT THEM ?

CONTACT the Strike Committee - visit the caravan in Fargate.
DONATE to the strike fund.
WEAR A STICKER - advertise the cause.
BOYCOTT KEETONS - don't work for them under YTS or other schemes. If your firm uses Keetons products, stop using them.

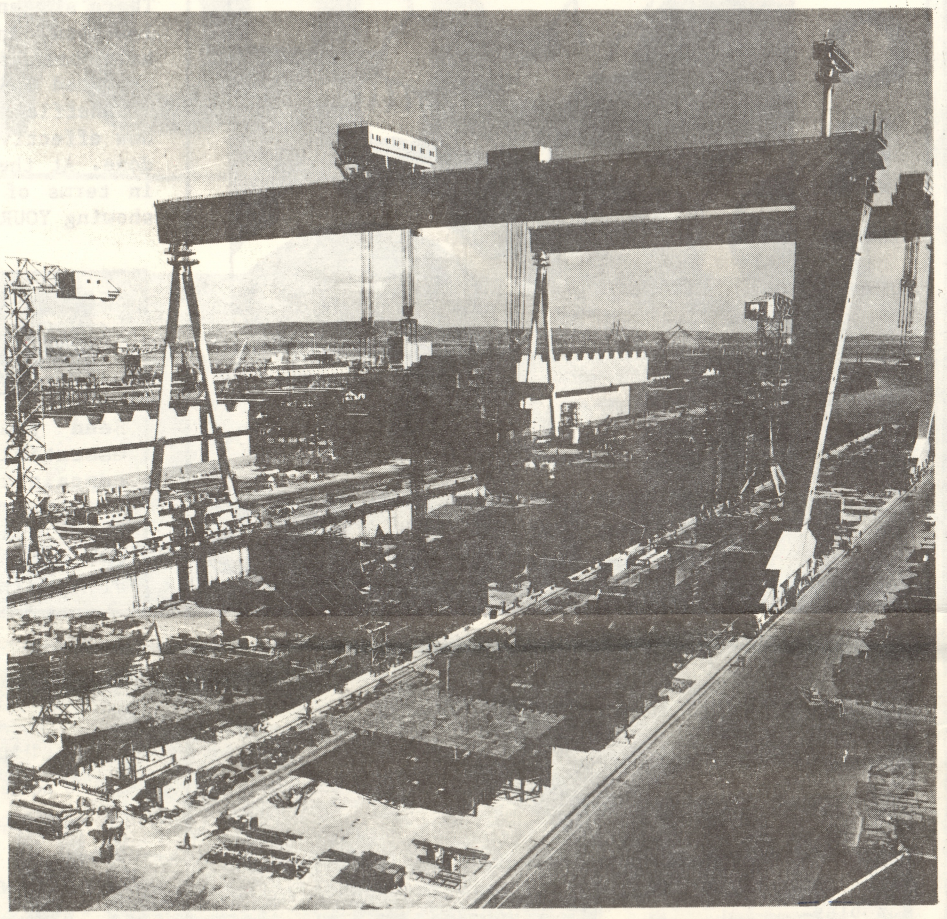
FIGHT BACK FOR BRITAIN! 30p

Save Our Shipyard

Ulster needs H&W to survive



MANY more workers look set to lose their jobs at the Belfast shipyard following the 800 redundancies in the past year. This bleak forecast for the Harland and Wolff yard comes in a report issued by the trade union division of the European Economic Community. **The labour force of H & W has fallen from 10,000 to 4,200 in the last 10 years,** but there could be even more job losses soon. **It is even likely that the Yard could close in the near future if nothing is done.** An APEX spokesman has claimed that 2,000 more workers will be paid off before the July holiday fortnight.

DISASTER

The EEC report forecasts that "Employment in shipbuilding will decline even further during the next four years. Up to 45,000 jobs will go in European yards". Belfast shipyard has already been one of the hardest hit in Europe over the past decade. Further reductions could spell disaster for Ulster where there are now over 130,000 unemployed workers.

Official Unionist politicians like Enoch Powell may be happy to see "market forces" murder the Belfast shipyard. However, the priorities of the Capitalist System are quite different from those of our national survival.

The National Front fully supports the "Save our Shipyard" campaign which has just been announced by the unions at the yard. We believe that H & W is too precious an asset for Ulster to lose. The skills of the yards men will be needed to rebuild our new Ulster!

assault

THE NEW Public Order (NI) Act which came into force at the beginning of April is a vicious assault by the State on our traditional rights of freedom of speech and freedom of assembly. **It is obvious that the NIO/Dublin junta wants to sweep Loyalists off the streets and into prison, so as the process of handing our nation over to Dublin rule, can proceed without hindrance.**

FAILED

The failed Unionist leadership have expressed their outrage over the new laws, but as usual have done nothing concrete to oppose them. Ian Paisley has huffed and puffed but the dictatorial edifice remains in place. Marches and protest rallies are wonderful ways of letting off steam and shouting a lot, without actually achieving anything. **Paisley and Molyneaux have nothing positive to offer the Ulster people. They must resign. Now.**

FORWARD TO VICTORY

Time is running out for Ulster. The National Front's call, echoed by the Ulster Clubs' document, "Forward to Victory", for a provisional Ulster government must be heeded. Ulsterfolk must face up to the fact that the "Union" is dead and that the Crown doesn't give a damn about what happens to us.

Political Independence for Ulster remains our best, and probably only, hope for the future.
